## **PIEDMONT ANNOUNCES PROPOSED U.S. PUBLIC OFFERING OF AMERICAN DEPOSITARY SHARES**

Piedmont Lithium Limited (“Piedmont” or “Company”) is pleased to announce that it plans to conduct a U.S. public offering, subject to market and other conditions, of up to 1.5 million of its American Depositary Shares (“ADSs”), with each ADS representing 100 of its ordinary shares (“Offering”).

J.P. Morgan, Evercore ISI and Canaccord Genuity are acting as joint book-runners and lead underwriters for the Offering. Piedmont intends to grant the underwriters a 30-day option to purchase up to 225,000 additional ADSs at the issue price of the Offering.

Proceeds from the offering will be used to continue development of the Company’s Piedmont Lithium Project, including definitive feasibility studies, testwork, permitting, further exploration drilling, mineral resource estimate updates, and ongoing land consolidation, to fund the previously announced strategic investments in Sayona Mining Limited and Sayona Quebec Inc and other possible strategic initiatives, and for general corporate purposes.

The Offering is being made pursuant to an effective shelf registration statement that has been filed with the U.S. Securities and Exchange Commission (the “SEC”). A preliminary prospectus supplement related to the Offering of the ADSs will be filed with the SEC and will be available on the SEC’s website at <http://www.sec.gov> and on the ASX website.

**This press release is not an offer or sale of the securities in the United States or in any other jurisdiction where such offer or sale is prohibited, and such securities may not be offered or sold in the United States absent registration or an exemption from registration under the Securities Act of 1933, as amended.**

### **About Piedmont**

Piedmont Lithium (Nasdaq:PLL; ASX:PLL) is developing a world-class integrated lithium business in the United States, enabling the transition to a net zero world and the creation of a clean energy economy in America. Our location in the renowned Carolina Tin Spodumene Belt of North Carolina, the cradle of the lithium industry, positions us to be one of the world’s lowest cost producers of lithium hydroxide, and the most strategically located to serve the fast-growing US electric vehicle supply chain. The unique geographic proximity of our resources, production operations and prospective customers places us on the path to be among the most sustainable producers of lithium hydroxide in the world and should allow Piedmont to play a pivotal role in supporting America’s move to the electrification of transportation and energy storage.
